Have you ever wondered if your organization is following the right regulations when it comes to fundraising? Do you even know what regulations your fundraising program has to follow? Are you required to register in every state where you have donors? How does the Internet impact fundraising registrations? Does the District of Columbia require nonprofits to register? What are the regulations regarding use of a fundraising consultant? And what about the 990, will your donors be listed? Are you in compliance with the new form?

These are just some of the questions that presenters will be discussing at our March educational program. Peter Wolk specializes in nonprofit law and has advised hundreds of nonprofits and their boards on a wide range of issues related to legal compliance. He teaches nonprofit law and governance at a variety of institutions including the University of Maryland and is the author of several books on nonprofit law and governance.

Walter Harris has more than 30 years experience in nonprofit accounting and teaches accounting at various high schools and colleges in the area. Labyrinth, where he is Vice President, is a national charity-registration consulting firm with more than 350 nonprofit clients.
